Dear Holland,

I just wanted to thank you and compliment you on the quality of Christian ministry you represent. This year we have formed *Athens Vision Care Associates*, a registered NGO that allows us to enter Muslim countries without a paper trail to FBC Athens.

On our recent project in Ethiopia we provided six vision and medical clinics and saw over 1,500 patients. We fitted over 300 pair of new eyeglasses while there and returned home with at least 200 more prescriptions to be completed and returned in six weeks. Also, we gave away at least 20 dozen pairs of readers.

The use of your ministries' portable autorefractor was a crucial part of this work. The children of God who are most needy in the world were served by your efforts. You have my sincere gratitude.

Your fellow servant,

Steve Akin
