

Kendall Optometry Ministry, Inc

**Eyeglasses and the
impact that they
have on people.**

BEFORE and AFTER

This man came into the clinic and was blind in one eye and could barely see with the other. Since he could not see, he was without a job. He never attended church. We gave him a pair of glasses, a new Bible and invited him to start attending the local church.

February 2004

Now this man has a job. He and his family are healthy and happy and he is a regular attendee at church. Notice that he is still wearing the same pair of eyeglasses. Eyeglasses and the Lord changed his life.

February 2006

A pair of eyeglasses is 1 year of wages for this man.

This man's shirt is not dirty. It is threadbare and you can see his skin through it. We gave him glasses, a Bible & a new shirt.

Mommy can see me now.

This lady was nearsighted and could see her child play nearby. She clung to her every minute. New glasses changed her life.

Young boy can see for school

This boy had severe astigmatism. We gave him some new glasses, a new Bible and ministered to him.
He accepted Christ that night.

Little girl can see also.

15 seconds before this picture was taken this little girl had a BEAUTIFUL smile. She was very near sighted and had severe astigmatism. The first pair of eyeglasses out of inventory solved this problem. We gave her a new dress & a Bible.

Teacher can see for her class.

This lady could not see to read her books in the classroom. We gave her these new glasses along with a Bible.

Farmer can see to plant crops.

This man could not see to plant a straight row of crops. We gave him these new glasses and a Bible and he was very happy.

Grandmother can see also.

Notice the BRIGHT smile on this lady's face. She could not see at all before. We gave her these BiFocals and her face just brightened. When we handed her a new Bible she rejoiced right there in the clinic. It was a wonderful moment for all of us.

Young mother can see too.

This young mother could not see well enough to read her Bible. These glasses changed that.

Kendall Optometry Ministry, Inc.

"Serving the Lord by providing better vision to
the people of underdeveloped countries"

Glasses allow a person to
read their Bible but also allow
the person to improve their
standard of living.
